WHY GET INVOLVED?

- Over **33 million children** worldwide have lost both parents. Millions are growing up without families in orphanages and foster care. Most are overlooked for adoption because they are "older" (more than six years old).
- **Kidsave connects orphans** and foster children - primarily from the US, Russia and Colombia - to families who host them in their homes for weekends and school breaks, advocate for their adoption, and make lasting connections for the children.
- Since 1999, **more than 2,700 children** have found parents and lasting connections to adults through Kidsave programs and advocacy efforts.
