

# 2022 SPONSORSHIP OPPORTUNITIES

KENNETH HAHN STATE PARK, L.A.

SATURDAY, SEPTEMBER 24, 2022

[WWW.KIDSAVE.ORG/HIKE2022](http://WWW.KIDSAVE.ORG/HIKE2022)

## A KIDSAVE TRADITION

*Hike With Your Heart* started in 2015 as a small grassroots effort in Los Angeles.

Today, it's a big celebration of the outdoors and -- for many participants -- a way to spend time with the families they have created by adopting or mentoring through Kidsave's programs.

It's a wonderful opportunity to see Kidsave in action!

The hike will take place on **Saturday, September 24, 2022, in Los Angeles.**

This year, all around the country, Kidsave friends are invited to hold their own hikes in their hometowns and local parks to raise funds for Kidsave.

### KIDSAVE

Kidsave is a champion for older kids in foster care helping them be seen, find families, and thrive.

Since 1999 Kidsave's innovative Family Visit Model has helped more than 15,000 older kids in care and orphanages find families and meaningful lasting connections.

Working in partnership with governments and local non-profits, Kidsave's model inspires communities to become part of the solution and is at work on four continents. In the US, we are helping older, forgotten kids in US foster care find adoptive parents and lasting connections with caring adults.

## HOW YOUR SUPPORT MAKES A DIFFERENCE

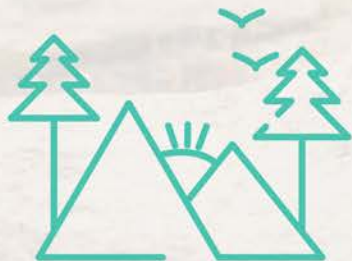

Your support enables Kidsave to find forever families for all kids, everywhere.

Because of people just like you, who care deeply about kids who need families, Kidsave has been able to train governments and social workers in the US and abroad in implementing the Family Visit Model.

Kidsave gives older youth an opportunity to find connections their way. By shining a light on them and giving them the opportunity to meet and get to know adults considering adoption, we empower these kids with **a voice and a choice** in who they connect with and who becomes their family. These young people form meaningful, trusting and lasting connections with adults who commit to being there for them, no matter what.

Since 1999, this work has positively impacted the lives of well over **560,000 children** worldwide.
